ROAD MAP & GUIDE

Montserrat
British West Indies

PLACES OF INTEREST

Blakes Football Field (Blakes Estate)
Financed by FIFA's Goal Programme, this beautiful flood lit football field located just past Look Out in Blakes was opened in 2002. With its lush green grass and spectacular views of the ocean and mountains, this field is quite of sight!

Carr's Bay Historical Site (Carr's Bay)
You will find remains of a fort, with several cannons pointing out at sea in the direction of Redonda.

Garibaldi Hill
Garibaldi Hill provides a contrasting view of the lush greenery of Salem, Old Towne and surrounding areas with bird's eye view of the grey, hidden city, Plymouth and other vistas to the south. During heavy rainfall or high volcanic activity, visitors are advised not to cross the Belham Valley.

Hilltop Coffee House & Family Centre
(St. Peter's).....491 4455
Enjoy stunning views with an appealing menu of coffees & teas, while soaking in artwork, photographic displays of the Volcano, the Mighty Arrow and artists who recorded at Air Studios.

Jack Boy Hill (New Windward Road)
This viewing facility in the northeast of the island provides an excellent vantage point for volcano viewing and the buried WH Bramble Airport.

Montserrat Volcano Observatory
(Flemmings, Salem).....491-5647
The viewing deck, interpretation centre and gift shop make this a must see attraction.

Montserrat Cultural Centre
(Little Bay).....491 4242
Built in 2006 by the late Sir George Martin, former manager of The Beatles, as a gift to the people of Montserrat, this venue is used as a multi-purpose performing centre and also plays host to local and international conferences.

National Museum of Montserrat
(Little Bay).....415 3720 /491 3086
The Museum was opened March 2nd, 2012 by HRH Prince Edward and Sophie, Earl and Countess of Wessex. It is managed by Montserrat National Trust.

Plymouth – Buried City
Plymouth, the capital, is buried deep in ash and volcanic debris including boulders up to the size of houses that previously stood there. The once thriving business and commercial centre of the island now resembles a dust-covered lunar landscape through which deep canyons have been gouged.

Runaway Ghaut (Woodlands)
Montserrat's ghauts (pronounced: "guts") are deep ravines that carry rainwater down from the mountains to the sea. Legend has it that people drinking the cool spring water flowing to the drinking fountain at Runaway

Ghaut will be drawn to return to Montserrat, again and again.

The Centre Hills
The Centre Hills have many world class hiking trails which take you deep into the lush, unspoiled forest where a dazzling array of plants and animals can be found. Look out for the Montserrat Oriole (bird) and Galliwasp (half snake/half lizard) which can be found nowhere else in the world.

Montserrat National Trust
(Salem Main Road).....491-3086
The Trust operates out of the Oriole Complex, and here you can walk through the Natural History Centre, a small library, gardens and a gift shop.

DRIVER'S LICENSE

A local driver's license is necessary if you plan to drive in Montserrat. You can apply for this at your port of entry or at the Police Headquarters at Brades or in Salem. The cost is EC\$50 (US\$19) and you will need to produce your valid driver's license from your country of origin.

DRIVING TIPS

DRIVING IS ON THE LEFT
A honk of a horn is usually a warning, or an "excuse me here I come", but it is often a "hello" to a passing friend.

Never drive a motor vehicle without first obtaining a Visitor's Temporary driver's license.

When someone flashes their lights at you when you are at a junction it usually means 'after you'.

At a roundabout you must give way to traffic approaching from your right, unless told otherwise by road signs or a police officer.

Roads are steep and winding in certain places so be cautious around bends.

Locals are usually accommodating to visitors, so if confused with directions feel free to ask a passerby.

If you are involved in an accident, report the matter to the police station immediately or call 999.
